Q&A

When do I order my pictures? How do I choose my portraits?

The appointment time to place your order has been reserved especially for you. Out of respect for your time, every effort is made by us to maintain an on-time schedule. This date has been written on the first page of your information guide. Please arrive on time for this appointment! Late arrivals may have to be rescheduled. No-show charge \$25. Your promptness for this appointment is greatly appreciated.

What do you do to my finished portraits?

Free enhancements. Every pose you order from comes with complete skin retouching. Zits are removed, lines softened, eyes enhanced to make them 'pop'. Minor stray hairs are removed (where possible) on request only, as are moles, scars, bruises, birthmarks, skin scratches, etc.

Extra-cost enhancements. Braces, glasses glare, peeling skin from sunburn, bra straps and other elements beyond our control can be removed for a fee determined by how much time it takes to complete. Be sure to ask if you have any questions.

What can't we fix? Poor expressions, blowing hair, clothing you don't like.

Retake policy. If for any reason you would like more images taken to choose from, let us know within 24 hours of your portrait selection appointment. We would be happy discuss what you would like to have done and schedule time to make more images to your liking.

NOTE: Retake requests made within 24 hours will not be charged. After 24 hours a \$50 retake fee will be charged.

When can I pick them up?

The finished images will be ready in approximately four weeks after the day you place your order with your down payment. We will notify you as soon as they're ready, in the contact method you prefer; phone call, e-mail, mailed postcard or text message.

What about pictures for social media?

We will provide for you a digital image for any pose you order from (poses not ordered from are \$35 each). You'll get the best possible image quality with a good conscience, because you won't have to resort to illegal copying (see below). Electronic images are delivered with your finished portraits.

Can I copy my photos?

No. All your images are copyrighted by Accent Photography. Federal Law prohibits you from scanning them, taking pictures with them with your camera or cell phone or any other recording device. Even to put them on FaceBook. (We give you your FaceBook photos, see above). Or to make wallets for your friends. Violators will be found out, and they will be prosecuted, so don't try it!

You chose us because you like what we do—copying always makes the photos look worse, which puts both you and us in a bad light. Thank you for respecting the copyright of your portraits.

How we make you look your best.

Each pose you choose will be carefully enhanced by hand to bring out your very best features. No cheesy Photoshop filters allowed! Notice how the complexion is made flawless without being pasty or mushy. Note, too, how much better the eyes look, and how the skin tones have been warmed up. You can expect all your images to look this good—guaranteed!
